MILWAUKEE COUNTY: BEHAVIORAL HEALTH DIVISION, SAIL UNIT

MARCH 2010

MILWAUKEE WISER CHOICE PROVIDER NETWORK

TABLE OF CONTENTS

The Milwaukee Wiser Choice Provider Network Directory is a listing of provider agencies that have an agreement with Milwaukee County and the Milwaukee Wiser Choice Provider Network to provide services on a referral basis.

This directory is divided into three main sections. The first is a listing of Clinical Providers organized by the Milwaukee Level of Care. The second is a list of providers organized by the ancillary (or support) service they provide to Wiser Choice clients. The last section is detailed information regarding each provider, accessibility, and a brief description of the agency.

ALCOHOL & OTHER DRUG ABUSE SERVICES: CORE VALUES

In 1999, as a response to the large number of families who were involved in the welfare reform, child welfare, and AODA/Mental Health Treatment systems, the Wisconsin Department of Health and Family Services (DHFS) and the Wisconsin Department of Workforce Development (DWD), in collaboration with the Milwaukee County Department of Human and Services (DHS), launched the Milwaukee Family Services Coordination Initiative (MFSCI). The impetus for the year-long (October 1, 1999 – September 30, 2000) Initiative was the realization that the multiple needs of these families were not being adequately addressed, at least in part due to the lack of coordination among the systems with which they were involved (The Management Group, 2000). The intent of MFSCI was to fundamentally transform the manner in which services have traditionally been delivered by reducing barriers for families involved in multiple systems. The premise of the Initiative was that outcomes for families could be improved through cross-system coordination, provision of wraparound philosophy of care and services, development of networks of formal and informal supports, utilizing a family centered, strength-based, gender/culturally-responsive approach.

The Steering Committee for the project included clients, representative from the Governor's Office, key administrators from DHFS, DWD, the Department of Corrections, and the Medicaid HMOs; the Director of Milwaukee County DHS; and the Milwaukee County Board Chair. The Initiative outlined a set of **core values**, developed through a series of focus groups that included participation by clients, and system representatives at various levels of authority to use as guidelines for service delivery for families and to promote improved outcomes. BHD has adopted these core values.

A. Family-Centered: A family-centered approach means that families are a family of choice defined by the clients themselves. A family may include extended family members, significant others, or persons who function as natural supports in the context of that family. A family may include a non-custodial parent. Families are treated with dignity and respect, regarded as a resource in the treatment process, assisted to build on identified strengths to enhance control and independence, and valued as participants in all aspects of planning and evaluating the service delivery process. The goal of a family-centered team and system is to move away from the focus of a single client represented in systems, to a focus on the functioning, safety, and well being of the family as a whole.

B. Client Involvement: The client's involvement in the process is empowering and increases the likelihood of cooperation, ownership, and success. Clients and their families are viewed as full and meaningful partners in all aspects of the decision making process affecting their lives including decisions made about their service plans.

C. Builds on Natural and Community Supports: Recognizes and utilizes all resources in our communities creatively and flexibly, including formal and informal supports and service systems. Every attempt should be made to include the client's family, relatives, neighbors, friends, faith community, co-workers or anyone the client would like to include in the team process. Ultimately families will be empowered and have developed a network of informal, natural, and community supports so that formal system involvement is reduced or not needed at all.

D. Strength-Based: Strength-based planning builds on the clients and their families unique qualities and identified strengths that can then be used to support strategies to meet their needs. Strengths should also be found in clients' environment through their informal support networks as well as in attitudes, values, skills, abilities, preferences and aspirations. Strengths are expected to emerge, be clarified and change over time as clients and families' initial needs are met and new needs emerge with strategies discussed and implemented.

E. Unconditional Care: Means that we care for clients and their families, not that we will care "if." It means that it is the responsibility of the Recovery Team to adapt to the needs of the client - not of the client to adapt to the needs of a program. We will coordinate services and supports for the client and family that we would hope would be done for us. If difficulties arise, the individualized services and supports change to meet the needs of clients and their families.

F. Collaboration Across Systems: An interactive process in which people with diverse expertise, along with clients and their families, generate solutions to mutually defined needs and goals building on identified strengths. All systems working with the client have an understanding of each other's programs and a commitment and willingness to work together to assist the clients and their families to obtain their goals. The substance abuse, mental health, child welfare, and other identified systems collaborate and coordinate a single system of care for families involved within their services.

G. Team Approach Across Agencies: A Recovery Team consists of a group of people, in addition to the client, who represent a blend of formal and informal resources (professionals and other) who make up the client/family support network. The team functions with the client and family in an interactive process to develop a plan, based on client/family strengths, values and preferences that will lead to favorable outcomes. Planning, decision-making, and strategies rely on the strengths, skills, mutual respect, creativity, and flexible resources of the team members.

H. Ensuring Safety: When child protective services are involved, the team will maintain a focus on child safety. Consideration will be given to whether the identified threats to safety are still in effect, whether the child is being kept safe by the least intrusive means possible, and whether the safety services in place are effectively controlling those threats. When safety concerns are present, a primary goal of the family team is the protection of citizens from crime and the fear of crime. The presence of individuals who are potentially dangerous requires that protection and supervision be sufficiently effective to dispel the fears of the public.

I. Gender/Age/Culturally Responsive Treatment: Services reflect an understanding of the issues specific to each client's cultural background, gender, age, disability, race, ethnicity, and sexual orientation and reflect support, acceptance, and understanding of cultural and lifestyle diversity. These understandings are then incorporated into the programming. Programs for women must include specific components that address their issues and reflect current research indicating effective treatment components for women, i.e., to include, but not limited to: victimization histories, domestic violence/relationship dynamics, parenting, self-esteem, and educational needs.

- J. Self-sufficiency: Individuals and families will be supported in achieving self-sufficiency in essential life domains, to include family, social, educational, vocational, financial, housing, financial, psychological, emotional and spiritual domains.
- K. Education and Work Focus: Dedication to positive, immediate, and consistent education, employment, and/or employment-related activities which results in resiliency and self-sufficiency, improved quality of life for self, family, and the community. BHD clients who also participate in W-2 should have their AODA treatment indicated on their Employability Plan (EP).
- L. Belief in Growth, Learning and Recovery: Client and family improvement begins by integrating formal and informal supports that instill hope and are dedicated to interacting with individuals with compassion, dignity, and respect. Team members operate from a belief that every client and their family desire change and can take steps toward attaining a productive and self-sufficient life.
- M. Outcome-oriented: From the onset of the family team meetings, levels of personal responsibility and accountability for all team members, both formal and informal supports are discussed, agreed-upon, and maintained. Identified outcomes are understood and shared by all team members. Legal, education, employment, child-safety, and other applicable mandates are considered in developing outcomes, progress is monitored and each team member participates in defining success. Selected outcomes are standardized, measurable, based on the life of the family and its individual members.

AODA PROGRAM GOALS

- (1) To achieve improved outcomes by meeting the special needs of eligible individuals and families who experience problems resulting from alcohol or other drug abuse by providing intervention, treatment, and support services that are gender and culturally responsive.
- (2) To target eligible individuals and families who may be involved in several systems in order to develop better ways to coordinate services from multiple service systems.
- (3) To ensure the provision of recovery support services including, but not limited to, parent education, vocational and housing assistance, coordination with other community programs, and treatment under intensive care.
- (4) To develop a system that reinforces the empowerment of individuals and their involvement in the planning, design, implementation, and evaluation of the program, as well as their care plan.
- (5) To identify best practices and provide knowledge dissemination activities and cross training and education to professionals who work with individuals and families and are from different systems in order to achieve positive individual/family outcomes.

It is important that, whenever appropriate, each application demonstrate integration of the above principles and practices into all programs and services provided through these purchase of service agreements

VISION STATEMENT – BEHAVIORAL HEALTH DIVISION

The Milwaukee County Behavioral Health Division will be a premier system of mental health and alcohol and other drug abuse disorders in the State of Wisconsin. It will ensure that individuals and families who have behavioral health needs strive to function at optimal levels of physical and mental health and that they are full and equal members of the community. As such, the Division shall provide individuals who have behavioral health needs the support and means to pursue success in the ways they choose to live, learn, love, work and play because:

Our vision is for a behavioral health system that recognizes the partnership with clients, providers and the community and the accountability to its stakeholders for the effective development and efficient use of resources.

Our vision is for a recovery oriented behavioral health system that focuses on the rebuilding of full productive lives for children, adults and their families, and supports a full spectrum of services including primary prevention and early intervention.

Our vision is for a behavioral health system that attracts, retains, and supports employees/other service providers who are competent and provide excellent quality, culturally and linguistically relevant behavioral health treatment and support services.

Our vision is for a behavioral health system that acknowledges the abundance and limitations of our human and financial resources and commits to responsible stewardship of its resources.

Our vision is for clients and families to be equal stakeholders in service system governance, planning and delivery.

Our vision is for a behavioral health system where every client has access to strengths-based, individualized and integrated services that promote health and recovery.

Our vision is for a behavioral health system where cultural, ethnic and socioeconomic diversity is valued by providers and clients.

Our vision is for a behavioral health system where strategies to eradicate stigma, including education of clients, family members, providers and the Milwaukee County community, are implemented and effective.

Our vision is for behavioral health services and supports to be community based and not institution based; when residential treatment or hospitalization is accessed, those services will be used as resources and not as placements.

Our vision is for a behavioral health system that can measure its success in the care of children and adults by establishing and producing clear, quantifiable outcomes

Outpatient	Outpatient is a non-residential treatment service totaling less than 12 hours of counseling per patient per week, which provides a variety of evaluation, diagnostic, crisis and treatment services relating to substance abuse to ameliorate negative symptoms and restore effective functioning. Services include individual counseling and intervention and may include group and family therapy and referral to non-substance abuse services that may occur over an extended period. Must be certified as a HFS 75.13 outpatient provider.
Intensive Outpatient	An intensive outpatient program is a planned and organized service in which addiction professionals and clinicians provide several AODA treatment service components to clients. Treatment consists of regularly scheduled sessions within a structured program, with a minimum of 9 treatment hours per week. Examples include day or evening programs in which patients attend a full spectrum of treatment programming but live at home or in special residences. Must be certified as a HFS 75.13 outpatient provider.
Day Treatment	<p>Day treatment is a medically monitored, and non-residential substance abuse treatment service which consists of regularly scheduled sessions of various modalities, such as individual and group counseling and case management, provided under the supervision of a physician. Services are provided in a scheduled number of sessions per day and week, with each patient receiving a minimum of 12 hours of counseling per week. Must be certified as a HFS 75.12 day treatment service provider.</p> <p>ORGANIZATIONAL REQUIREMENTS. A day treatment service may be a stand-alone service or may be co-located in a facility that includes other services.</p>
Transitional Residential	<p>A transitional residential treatment is a clinically supervised, peer-supported therapeutic environment with clinical involvement. The service provides substance abuse treatment in the form of counseling for 3 to 11 hours per patient per week, immediate access to peer support through the environment and intensive case management which may include direct education and monitoring in the areas of personal health and hygiene, community socialization, job readiness, problem resolution counseling, housekeeping and financial planning. Must be certified as a HFS 75.14 transitional residential treatment service provider.</p> <p>ORGANIZATIONAL REQUIREMENTS. Before operating or expanding a transitional residential treatment service, a facility shall be approved under ch. HFS 124 as a hospital, licensed under ch. HFS 83 as a community-based residential facility, certified under ch. HFS 82 or licensed under ch. HFS 88 as an adult family home.</p>
Medically Monitored Residential	Medically monitored residential treatment operates as a 24-hour, community-based service providing observation, monitoring and treatment by a multidisciplinary team under supervision of a physician, with a minimum of 12 hours of counseling provided per week for each patient. Must be certified as a HFS 75.11 medically monitored residential treatment service provider.
Co-Occurring Biomedically Monitored Residential	Co-Occurring biomedically enhanced monitored residential treatment operates as a 24-hour, community-based service providing observation, monitoring and treatment by a multidisciplinary team under supervision of a physician, and staffed 24 hours a day by nursing personnel. Must be certified as a HFS 75.11 medically monitored residential treatment service provider.
Methadone	A narcotic treatment service for opiate addiction provides for the management and rehabilitation of selected narcotic addicts through the use of methadone and a broad range of medical and psychological services, substance abuse counseling and social services. Methadone, an FDA-approved narcotic, is used to prevent the onset of withdrawal symptoms for 24 hours or more, reduce or eliminate drug hunger or craving and block the euphoric effects of any illicitly self-administered narcotics while the patient is undergoing rehabilitation.

AGENCY PROFILE: Benedict Center Women's Harm Reduction Program specifically works with women who are, or have been, in trouble with the law. We have over 31 years experience working with women and we recognize that women who are involved in the criminal justice system have unique needs that must be addressed so they can permanently move out of the correctional system. We provide a safe, supportive environment in which women can reflect on their past, replenish personal resources, reconnect with family, and rebuild their lives in order to establish themselves as valuable members of their community.

AGENCY PROFILE: Our center seeks to enhance family life by providing services that are responsive to the many needs of families and their children. We will place emphasis on the family as a vital social and spiritual unit which will nourish, and sustain the youth of the community. As a 501c3 organization, we are devoted to the preservation of the family unit and the reunification of families through facilities for youth, family counseling, and other services.

Guided Principles

Creating value for those we serve and partner with

Providing creative resources that "meets the need"

Unleashing the "infinite possibilities" of our communities

Reinforcing essential values of character by discipline, self-determination, and self-improvement

Our mission is to provide social services to the under privileged individuals and vital leadership to a community that results in dramatically improving our youths and families' lives. Forever increasing enthusiasm, pride, and support for the public endeavor.

AGENCY PROFILE: The primary purpose of the clinic is to provide counseling and life improvement services to individuals, families, youth, couples and groups using principles from the Quran. In particular, special emphasis is placed on minorities and persons with disabilities, as these are the most disenfranchised groups.

The client will first receive a comprehensive assessment by a Counselor. In addition, a client may also receive an evaluation conducted by our medical director. A treatment plan is then developed with specific and measurable goals. The client's family members are encouraged to participate in the client's treatment, as family involvement is one of Islam's fundamental principles.

The educational components consist of lectures, seminars, and a variety of subjects related to substance abuse and the recovery process, including:

- Relapse prevention skills
- Signs and symptoms of alcohol and other drug abuse
- Stress Management skills
- How to deal with feelings in the recovery process
- Rational Emotive Behavioral therapy
- Orientation to the 12-step process
- Allay and belief in a Higher Power
- Medical aspects of alcohol and other drug abuse

AGENCY PROFILE: The Marquette 7Cs Community Counseling Clinic provides compassionate counseling services to men and women struggling with addiction and other personal problems. The seven "Cs" of the 7Cs clinic stand for Compassionate Community Counseling and Consultation Collaborating to Create Choices. Our clients are treated with the same respect and dignity that we would want for ourselves. As a university-sponsored clinic, we believe that our clients deserve the highest quality care possible, based on the best science available.

We offer:

A private clinic setting with warm and courteous receptionists to greet our clients.

A dedicated staff of counselors that treat our clients with courtesy and respect.

A wide range of services so we can provide our clients with the specific help they need.

An emphasis upon involving the client as our partner rather than just as a patient.

As a Jesuit university, we are especially committed to our values of social justice. We strive to make sure that the 7 Cs Counseling Clinic will always represent a place where persons of many diverse backgrounds can feel comfortable in an atmosphere of recovery. We provide an array of services including individual and group counseling, day treatment, and medication if needed.

Our clinic is located on the campus of Marquette University near the southwest corner of 16th Street and Wisconsin Avenue. Please see our map and directions.

AGENCY PROFILE: MT Castle Corp. is licensed by the Wisconsin Department of Health and Family Services as an agency that provides Domestic Violence Services. Mr. Robb Taylor has met all DOSP requirements necessary to qualify for his certification. In addition, Robb Taylor has received 40 hours of didactic training on domestic violence issues and treatment of batterers.

Domestic Violence Victim Services: This service is designed to educate and assist a participant to overcome the affect of being victimized by violence. This service may be gender specific and may cover a broad scale of understanding emotions and violent behaviors. This service will not include efforts to engage the victim with the batterer.

Domestic Violence Batterer's Services: This is an educational service designed to support participants in seeking to end violent behaviors against their partners. The key is to have an alternative to the violence. These services will not include efforts to bring batterer with victim.

Spiritual Support: Family and Individual: This service will assist the participant in his or her recovery plan. It will consist of spirituality in recovery and spiritual growth and development. This will be done by one's faith or denomination. Our facilitator is an ordained licensed Church of God in Christ Minister, and has been working in the domestic violence field for 15 years and is a certified batterer treatment provider.

AGENCY PROFILE: From Recovery to Deliverance Profile

If a person and/or family member as well as a co-dependant are suffering from addiction of a mood altering substance, this meeting is for them. When God takes your addiction away it does not come back. The motto for this support group is: "Religious folk go to God to keep from going to hell, while Spiritual folk go to God because they have already been through hell."

Deliverance can be defined as being brought out of, and we relate that to being brought out of an addiction to chemicals.

There are 3 phases of recovery that lead to deliverance:

Step 1: Physical - Surrender

Step 2: Mental - Hope, Faith & Trust

Step 3: Spiritual - Commitment

Recovery is learned through converting the 12-Steps principle to scripture with a thorough break down of its application. Reading material from the following 3 texts are copied weekly and presented to each individual on a weekly basis and the progression of each step is studied and discussed from a physical, mental and spiritual perspective. Individual assistance is provided to participants when necessary.

A lecture and teaching on each step is facilitated thoroughly to enhance learning from a motivational viewpoint surrounding the readings. Questions are answered related to addiction and a connection is made physically, mentally and spiritually with each step.

A different scripture and meditation from the "NIV RECOVERY DEVOTIONAL BIBLE" is applied as the steps and cycle is repeated.

AGENCY PROFILE: Our Daily Bread Community Outreach Center (ODBCOC) was founded in November 2004 and has been serving the inner city of Milwaukee County since 2006. We provide positive and supportive services to children and adults with the intent to enhance their quality of life.

As a faith-based organization, we will train, equip, and empower individuals to be productive citizens throughout Milwaukee. We, at ODBCOOC are compassionate about individuals reaching their full potential. While involved in our program, we will guide, direct, and walk individuals through their recovery process and help those combat many social challenges such as: poverty, unemployment, and limited resources. It is our prayers that everybody accomplishes their goals and fulfills their dreams.

AGENCY PROFILE: The Vincent Family Resource Center (VFRC), located at 2610 N. MLK Dr, on an easily accessible bus line, welcomes the entire family to a safe, comfortable environment where family members can find support, learn new ways to parent, and learn coping skills to handle the daily stresses of life. The program celebrates its 10th anniversary in 2005. Funded by Wisconsin children's Trust Fund, Brighter Futures, and working with Parents Plus, Parents as Teachers, and the Parenting Network, it offers many services at one location. To make it easier to attend classes, the VFRC offers free childcare and van transportation to families living within a five mile area.

AGENCY PROFILE: Wisconsin Nazarene Compassionate Center, Inc. (WNCC) operates a transitional living facility for homeless drug and/or alcohol addicted adults called Project H.E.A.T. (Habitat, Employment to Achieve Transition). WNCC has operated Project Heat for over 12 years. We are centrally located at 2904 W. Wells Street, close to the #10, #27, & #30 bus lines. Project H.E.A.T. offers a structured recovery membership program that adheres to a "zero" tolerance policy which ensures that if an individual chooses to use drugs or alcohol, they will be immediately terminated. We have twelve double occupancy furnished apartments and six single occupancy apartments. Other services include a food pantry, laundry facilities, in-house recovery support meetings, men and women's support groups, four live-in recovery staff members, linens, and locked lobby, resource referrals and support. Members are expected to be employed, enrolled in school, or engaged in volunteer service. Individuals must also enter and complete outpatient treatment for their addiction. Our members are required to attend three community recovery meetings each week, and must obtain and have weekly contact with a sponsor. This program stresses accountability and responsibility. Placement at Project H.E.A.T. is through a one-hour interview process. During the interview, information is gathered regarding drug history, treatment, employment, legal, psychological, medical, family history, and education. Decisions regarding acceptance are made by the Program Director and staff, and prospective clients are notified within 24 hours. Project H.E.A.T. is a program for individuals looking for a safe, sober lifestyle. We accept adult men and women, individuals who are dual-diagnosed, and homeless addicts. Referrals can come from other social service agencies, detox units, hospitals, social workers, case managers, Probation/Parole, Correctional facilities, and self referrals. Prospective members must be medication compliant.

AGENCY PROFILE: Word of Hope is a faith-based community organization that was established by Paster CH McClelland in 1996. We provide a range of services in our Family Resource and Technology Center that are designed to encourage personal development and responsibility, and to help empower individuals and families to be productive and self-sufficient in their homes and in the community. Our programs include: 1. AODA Counseling-state certified counselors whose sole purpose is to assist individuals to live their lives free from alcohol and drug dependency. All counseling activities are conducted in accordance with HFS 75. 2. Employment Services-we assist individuals with development or improvement of their work readiness skills by providing vocational and educational training; job development, job placement, and job retention support services. 3. Health Care-licensed medical practitioners who screen for high blood pressure, diabetes, high cholesterol, glaucoma, and cancer; treatment referrals to medical providers are made when appropriate. We are partnered with the Medical College of Wisconsin. 4. Mentoring-group and one-to-one coaching to foster the development of positive attitudes and behaviors, improve or establish positive support networks within families and the community; and to learn to develop and utilize those life skills that will help build self-esteem and promote self-sufficiency. 5. Social Services-assessment and counseling to address the human service needs of individuals and families; the goal is to avoid crisis situations through intervention and education. 6. Ready4Work-provides re-entry support services to former inmates, ages 18 to 34, who have been released within past 90 days, or are currently in pre-release centers. Service plan includes intensive case management, educational and vocational training; job placement, retention support services, and ATODA counseling when appropriate.
